OBJECTIVE

Motivated engineering student with prior experience in CAD modelling and R&D seeking a research internship

EDUCATION

Dartmouth College, Hanover, NH

EXPECTED GRADUATION: June 2028

Bachelor of Arts, Bachelor of Engineering, Major in Engineering Sciences, Minor in French:

GPA 3.64/4.0

Relevant Coursework: Systems, Distributed Systems and Fields, Embedded Systems, Computer-Aided Design & Kinematics, Digital Electronics

Activities: ENGS 29 TA, Dartmouth Formula Racing, Chi Gamma Epsilon (Kappa Sigma) Fraternity

San Diego Mesa College, San Diego, CA

2022-2024

Dual Enrollment with high school:

GPA 4.0/4.0

Relevant Coursework: Calculus 1 & 2, Linear Algebra, Discrete Math

Honors/Awards: Dean's List

La Jolla High School, La Jolla, CA

June 2024

Honors/Awards: *Cum Laude* Society

RELEVANT EXPERIENCE

Dartmouth Formula Racing, Dartmouth College

October 2024 – Present

Member, Firewall/Seat Subgroup

- Design firewall and seat of car to meet competition safety requirements

Commonlands LLC, San Diego, CA

June 2025 – August 2025

Engineering Intern

- Designed and 3D printed custom mounts to expedite manufacturing process of camera lenses
- Developed and tested new manufacturing methods to increase efficiency on the assembly line
- Supported setup and ran lens manufacturing machine
- MTF (Modulation Transfer Function) tested lenses to develop detailed product specification sheets for customers
- Strengthened team-building and interpersonal skills within startup company

Laboratory for Computational Cellular Mechanobiology,

May 2023 – July 2024

Department of Mechanical and Aerospace Engineering, UC San Diego

Intern

- Created 3D models to solve differential equations describing cell functions
- Aided in the development of SMART, Spatial Modeling Algorithms for Reactions and Transport
- Coded in Python using VSCode, shared code via GitHub
- Created documentation describing detailed research to be used to help onboard new interns
- Worked with Professor Padmini Rangamani and Dr. Emmet Francis

LEADERSHIP & ADDITIONAL ACTIVITIES

Knockaround Camp, UC San Diego

June 2021 – August 2024

Junior Counselor/Counselor

- Served as a summer camp counselor for kids aged from 5 to 13
- Directed and led junior counselors, building up their sense of responsibility and leadership
- Communicated with parents to ensure they were updated on campers status
- Received first-aid and CPR training from the American Red Cross

San Diego County Soccer Referees' Association, San Diego County

October 2022 – August 2024

Referee

- Officiated youth soccer games across San Diego County
- Communicated with coaches, players, and other referees to ensure games ran smoothly
- Received training to be able to detect possible injuries in players to ensure their safety

SKILLS

Computer/Technical: Python, Java, C, MATLAB, LaTeX, SolidWorks, Autodesk Fusion360, Autodesk Inventor, Word, PowerPoint, Excel

Languages: English (Native), French (Native), Spanish (Working proficiency)
